## WORLD'S LAND SPEED MARK BROKEN AGAIN BY CAPTAIN G. EYSTON

Thunderbolt Averages 357.5 Miles an Hour Over Salt Flats, Less Than Day After John Cobb Sets Record of 350.2 Miles an Hour—Plans Another Test Soon

BONNEVILLE SALT FLATS, Utah, Sept. 16 (AP).—Captain George E. T. Eyston, a twenty-four-year-old world land speed record holder, today broke the record set by John Cobb last year with a new mark of 357.5 miles an hour, whereupon Cobb announced their dizzy duel was ended. But Eyston is not satisfied at driving an automobile at a rate of nearly six miles a minute. He said he may try again next week, presumably in an effort to boost the clip above 360.

Two flashing runs by Eyston's "Thunderbolt" on the glaring salt course regained for him the speed crown Cobb wrested away yesterday with an average of 350.2.

On August 27 Eyston had raised his last year's record of 311.42 to 345.49.

Cobb, sound asleep while Eyston took to the flats in the early dawn, announced after hearing what his rival did that "after due deliberation we have decided to abandon further quest for the world land speed record as far as this visit is concerned."

He paid his compliments to the tall, retired British Army officer and declared his "Rallyton" had been built with a definite objective, presumably 350 miles an hour, and had attained it.

MACHINE REMODELED  
Eyston's seven-ton "Thunderbolt" was extensively remodeled for today's run, the big tail-fin removed, and the hitherto square nose given a tear-drop streamlining.

"She's got more speed left," he said proudly afterwards. "But we're getting the speed so fast now that we're treading on very dangerous ground each time we try to jack it up a bit."

## PRINCE ARTHUR LAID AT REST

Full Military Honors Paid At Windsor Funeral—King Attends

LONDON, Sept. 16 (AP).—Thousands stood in silent tribute today at the funeral of Prince Arthur of Connaught, who was buried with full military honors in St. George's Chapel, Windsor Castle.

After a twenty-one-gun salute, the King and the Duke of Kent headed a procession from Windsor Station to the chapel.

The coffin was carried up the chapel steps by light troops of the Royal Scots Greys.

THE KING PRESENT  
The King, in the uniform of a field marshal, stood behind the coffin. On his left was Lady Patricia Ramsay, the Prince's sister, and on his right, Princess Arthur. The service was conducted by the Dean of Windsor, Very Rev. A. V. Baillie.

In the chapel, opposite the altar, stood the Knights of the Garter and the High Commissioner for South Africa, Charles Te Water, and Health Minister Walter Elliott, representing the United Kingdom Cabinet.

Queen Mary was represented by Lord Claud Hamilton. The Duke of Windsor was represented by Colin Davidson. The service was attended by Sir John B. Bennett, former Prime Minister of Canada, and by members of the Cabinet and diplomatic corps.

## Will Not Permit Vote to Be Taken On Sudeten Issue

Czechoslovak Government Spokesman Says Any Plebiscite Would Be Short-Cut to War—Cabinet Orders Dissolution of Sudeten German Party and Storm Troopers' Organization

PRAGUE, Sept. 16 (AP).—A Czechoslovak Cabinet member tonight warned that Czechoslovakia would not agree to any plebiscite to determine what shall be done with the republic's Sudeten minority problem. The statement was made by Rudolf Bechyně, Minister of Railways, who declared "a plebiscite would be a short cut to war."

Bechyně, on past occasions, has acted as Premier during the absence of Premier Hodza.

NOT TO BE DISMEMBERED  
His declaration officially gave notice Czechoslovakia would not permit dismemberment of her territory, despite any agreement for settlement of the Czechoslovak-Sudeten dispute which might be reached by other European powers.

## FIVE CONVICTS BREAK PRISON

Criminally Insane Inmates Of Jail at Montreal Overpower Guard

MONTREAL, Sept. 16 (AP).—With guns stolen from prison guards, five criminally insane long-term convicts broke their way out of the Montreal Jail today and forced a guard to pilot them away in his own automobile.

Three of the fugitives, described by police officials as "desperate," remained free tonight after escaping from the guard out of the automobile, abandoning it later in the heart of Montreal East. Two were recaptured on foot not long after the break.

At gunpoint, Guard Ernest DeBellefeuille was forced to chauffeur the fleeing convicts away from the prison.

TWO SERVING LIFE  
Two of those escaping were serving life terms, though one of the lifers was among the pair recaptured. All five had been removed from the jail by Vincent de Paul Penitentiary to the asylum of the Montreal Jail, certified as criminally insane.

With other prisoners, the five were exercising in the yard of the prison in the northern suburb of Bordeaux when two of them climbed a ladder left against a prison wall by workmen and seized Guard Gagnon's rifle. They fired shots as they ran to the main gate, but none took effect. Seizing Guard Hunt's gun, they ran out as DeBellefeuille drove up to work.

All but one of the fugitives escaped in the automobile. Racing away on the highway, they were followed by a police patrol.

TOKIO, Sept. 16 (AP).—A Domei Japanese news agency dispatch today from Hsinking, capital of Manchukuo, said the Manchukuo Government had protested through Soviet-consular authorities against an alleged new border incident.

The incident, Domei said, was the invasion of Manchukuo territory by four Soviet cavalrymen near Manchukuo near the Siberian frontier. The report said the cavalrymen were repulsed by a Manchukuo border patrol.

Lower Mainland and Island Producers Impatient At Delay in Investigating Charges Made in Connection With Marketing Operations

DELEGATES representing fruit and vegetable growers of the lower Mainland and Vancouver Island met in the Dominion Hotel here yesterday and drafted a resolution requesting the Dominion Government to conduct an inquiry into the operations of an alleged combine in the fruit and vegetable business in Vancouver, Victoria and the Interior of British Columbia.

In an endeavor to have the matter brought more forcibly to the attention of the Federal authorities the delegates interviewed the Hon. Dr. K. C. Macdonald, Minister of Agriculture, soliciting his support, but declared themselves unsatisfied with his handling of the matter.

Last February a similar request was made to Ottawa by Hugh Bell, of Vancouver, now deceased, which case for international action must be considered on its merits.

## CABINET MEETING FOR REPORT OF CHAMBERLAIN-HITLER TALK

Prime Minister Has Conference With Ministers And Received by His Majesty on Return From Flying Visit to Germany—Chamberlain And Runciman Equally Non-Committal

## Warns Against Acceptance Of Any Premature Report

LONDON, Sept. 16 (AP).—A momentous decision may be made by the United Kingdom Government tomorrow, having a profound effect on the peace of Europe. While vast crowds shouted "good old Neville," Prime Minister Chamberlain returned today from a man-to-man talk with Reichschancellor Hitler and went into conference with Sir John Simon, Viscount Halifax and Sir Samuel Hoare, members of the "inner Cabinet."

## TOURIST TRADE OF HIGH VALUE

Vancouver Island Has Record Number of Visitors This Year

OTTAWA, Sept. 16 (AP).—Tourist traffic will bring between \$265,000,000 and \$275,000,000 to Canada this year, Leo Dolan, chief of the Canadian Travel Bureau, Department of Transport, estimated today. Last year's estimated tourist traffic revenue was \$265,000,000.

"The tourist industry has shown less decline than any other normal business activity in Canada this year," said Mr. Dolan.

Canada, up to July 31, received 9,012,177 visitors, a drop of 6.8 per cent from the 9,676,734 who came in the seven months ending July 31, 1937, but a general upswing was reported in August.

The tourist business drop has been most pronounced in Ontario and Quebec.

A RECORD NUMBER  
British Columbia has done well with her tourist trade. Vancouver Island reports a record number of visitors. Through the customs at Victoria in the eight months ending August 31, 16,000 United States motor cars were cleared, bringing 72,000 people to the island, a record high.

The Prairie provinces report a better tourist trade than in 1936, but slightly below that of 1937.

New Brunswick reports tourist trade as good as ever. Nova Scotia reported a slight decrease, with Prince Edward Island about unchanged.

HOUSE OF BISHOPS MEETS

## CROSS BORDER IN STEADY STREAM

Thousands of Sudeten Germans Reported to Be Entering Reich From Czechoslovakia

REICHENBACH, Germany (Near the Czechoslovak frontier), Sept. 16 (AP).—A steady stream of Sudeten Germans, estimated by German officials at 14,000, has poured across the border from Czechoslovakia into Germany—and tonight they still were coming.

By every means of conveyance and afoot, men, women and children came singly and in groups to find temporary refuge in dance halls, assembly halls and gymnasia converted into emergency quarters in German border towns.

In one former dance hall here 600 children, 150 women and 275 men were given shelter. Many said they fled under cover of darkness, walking for hours through thick forests.

"Only madmen hope that war will bring a solution of their difficulties," said Reisenberger.

## SEEKS MORE THAN UNION

Hitler Said to Be Demanding Virtual Protectorate Over All Czechoslovakia

Copyright, 1938, by the Associated Press  
BERLIN, Sept. 16 (AP).—A source in contact with high officials of the German Chancellery said today Reichsfuehrer Hitler now demands not only annexation of Sudetenland but a virtual protectorate over all Czechoslovakia.

Outright union between Germany and the Czechoslovak borderland, in which most of the 3,500,000 Sudeten German minority live, alone would not satisfy the Fuehrer, this informant said.

This source had talked with high Chancellery officials at Berchtesgaden, where the German Chancellery and Prime Minister Chamberlain held their man-to-man talk yesterday.

THREE-POINT DEMANDS  
He outlined Hitler's present demands as follows:

1. Cession to Germany of Czechoslovakia's Sudeten German area.
2. Binding assurances that Czechoslovakia's foreign policy will not be out of harmony with Germany's (France and the Soviet Union are bound to Czechoslovakia in defensive alliances).
3. Co-ordination, after annexation of Sudetenland, of what is left of Czechoslovakia with the German economic system—or at least that there would be no Czechoslovak economic policy which would run counter to Germany's.

MUNITIONS OUTPUT  
It was said that under the last point, for example, Germany must have the decisive word to say about the output of Skoda munitions works and the consignment of this output.

## ALTERS POLICY TOWARDS WAR

Urges Prime Minister to Summon Parliament if Conflict Starts

NIAGARA FALLS, Ont., Sept. 16 (AP).—A resolution by organized Canadian labor calling upon Prime Minister Mackenzie King to summon Parliament immediately to decide the Dominion's policy in the event of a European war was passed today by the Trades and Labor Congress of Canada.

The demand marked a reversal of Congress policy toward war.

As a substitute for a Calgary Trades and Labor Council resolution urging no declaration of war without a referendum, the Congress approved the resolution committee's substitute proposal urging the Government "to co-operate with other peace-loving countries of the world in a common effort to destroy the threat being imposed by Nazi and Fascist dictators, and thus remove this menace of international lawlessness and once more bring peace to mankind."

PRESIDENT RE-ELECTED  
Prepared to conclude the week-long gathering by tomorrow noon, the congress spent the rest of the day re-electing the present executive headed by P. M. Draper, of Ottawa, choosing London as next year's convention city, and naming (translating delegates to the American Federation of Labor convention) and the British Trades Union Congress.

The three vice-presidents were re-elected Raoul Trepanier, Montreal; D. W. Morrison, Glace Bay, N.S.; and P. R. Bengough, Vancouver. R. J. Talbot, Ottawa, was re-elected secretary-treasurer.

## TERRORISTS HAVE HIGH CASUALTIES

British Troops and Arabs in Biggest Single Clash of Present Trouble

JERUSALEM, Sept. 16 (CP-Flavia).—A severe clash between British and terrorist forces near Tulkarm and violent encounters elsewhere left at least 150 casualties in Palestine in the past twenty-four hours.

Near the village of Dierhassan, British troops supported by the Royal Air Force planes, yesterday fought a terrorist band of several hundred in what was described as the biggest single clash between troops and Arabs since the present trouble broke out.

An official estimate said 130 Arabs, entrenched on a hill close to Dierhassan in the Tulkarm region, had been killed or wounded, mostly by machine gun in the aircraft.

## MARINE and TRANSPORTATION

CANADA HAS  
LARGE LISTEmpress Liner Is Sailing  
Today for Orient Ports  
Via Hawaii

When the Canadian Pacific liner, S.S. Empress of Canada, Captain W. T. Kinley, R.N.R., commander, leaves Victoria this afternoon for ports in the Far East by way of Hawaii, she will have a total of 550 travelers in all classes aboard. Of this total, over 100 will disembark at Honolulu, her first port of call. The big liner is due alongside Rittner Pier at 4:30 p.m., and will sail at 5:30 p.m., after embarking passengers and loading mails and cargo.

**LUMBER VESSELS**  
Two freighters were stowing lumber cargo at Ogden Point Piers yesterday. They arrived over Thursday night. The Wearpool is loading 1,250,000 feet of lumber and 250

tons of fishmeal for the United Kingdom, while the Navarino is taking 550,000 feet of lumber.

**LUMBER INDUSTRY**  
The West Coast Lumbermen's Association announces a total of 151 down and operating mills in Washington and Oregon, which reported to the association for the week ending September 10, and which included 82,883,054 board feet of lumber. At the rate of cutting at the reporting mills, the entire industry produced 52.8 per cent of its average weekly cut during 1938-39. The new business reported taken last week by the 151 mills was 67,372,809 board feet. Shipments were 82,067,229.

**TO BUILD SHIPS**  
W. Walter Williams, president of the Seattle Chamber of Commerce, announces that forty Seattle business leaders planned to raise \$500,000 with which to organize a shipbuilding company. The business leaders decided to form a company and affiliate with some nationally-known concern, so that the Seattle unit can bid immediately on some of the 500 ships the United States Maritime Commission proposes to build in the next two years. The Seattle company intends to bid on the four steamers the commission plans to have built for service between Seattle and the Orient, each one of which is to cost \$2,500,000. If successful in getting the contract for the four ships, it will increase Seattle's payroll some \$300 to \$400,000.

**NEW TYPE OF BOAT**  
Specially designed and built for shallow waters, a new type of boat was launched on Ootsa Lake recently. The new craft is of the cabin type and has comfortable accommodations for six. It is powered with a sixty-horsepower motor and is driven by an air propeller, the maximum speed being twelve knots. On its maiden voyage with Mrs. Frame and two friends from Victoria as passengers, the little vessel made the White Sail Rapids without trouble. By special permission from the Governor-General, according to word from Smithers, the boat has been christened Lady Tweedsmuir.

**BEACON TOWER**  
An unusual contract, the construction of the fifth radio beacon tower on Lulu Island for the Dominion Department of Transport, was completed this week by A. Ward & Son, New Westminster contractors, and is now awaiting inspection and approval by Government officials. The tower, built of a light steel network, is 150 feet high, and will be used for the transmitter which will keep the trans-Canada air liners advised periodically of weather conditions.

**A CENTENARY**  
One hundred years ago yesterday,

## Daily Express Service Begins on Monday

For weeks the deep throb of powerful motors has been heard nightly over mountains and plains of Western Canada as pilots of Trans-Canada Air Lines have carried on extensive training schedules, perfected technique in radio beam flying and put new equipment to rigid tests. Definite announcement relative to commencement of regular services has been made. Monday, September 19, will mark the inauguration of air express service across the West. Transport of mail is to begin early in October, feeder lines linking with the main route at Regina, Saskatchewan, and Lethbridge, Alberta. The picture shows a Lockheed 14, of which Trans-Canada has ten, landing at Vancouver after a night flight across the Rockies. These machines cruise at 220 miles an hour and have accommodations for ten passengers and a crew of three.

America's last and greatest Empire builder was born. The day was fittingly remembered by all the Great Northern Railway Company's thousands of employees. Destined to become the commanding and most constructive railroad genius of his age, James Jerome Hill was born on September 16, 1838, in a log house on the Canadian frontier near Rockwood, Ont. He died on May 29, 1916, in St. Paul, when transformation of the last American frontier—the vast, fertile Northwest—country into a rich, productive Empire was at its zenith. And on it the man known the world around as the "Empire Builder" left his own monument—the Great Northern Railway. To the saga of Jim Hill, fragments of writers have devoted a lot of words. He marched across the front pages of the world's press when his career as one of the dominating Americans of his day was at full tide.

## RIDERS OVER JUMPS SHOW GREAT SKILL

Hurdles Cleared Faultlessly In Dead-Heat Match at Horse Show

### BIG PROGRAMME FOR FINAL SHOW TONIGHT

Spectators at the horse show at the Willows last night were treated to beautiful exhibitions of jumping and horsemanship in a leading match over six jumps, in which ten horses were entered. Many of the mounts were lifted over the obstacles without fault, and the judge experienced some difficulty in awarding the prizes. The spectators also awaited with considerable interest the announcement of the awards in the competition for six-horse teams, and loudly applauded the smart appearance and skilful driving of the spirited Clydesdales.

A very successful show, made all the more interesting by the appearance of the rodeo team of hard-riding cowboys and cowgirls, under the leadership of William A. "Buffalo" Brady, will be brought to a close tonight, when a varied programme of events for ladies' riders, ponies and jumpers, and exhibitions of roping, trick-riding and buck-jumping will be presented.

### HEAVY HORSE TEAMS

William Shepherd, judge of the heavy horses, last night awarded first prize to A. C. Leslie's team from Watrous, Sask.; second prize to J. W. Munro, Carstairs, Alta.; third to Crystal Dairy, Vancouver, and fourth to R. Thorburn, Vancouver.

Ten local horses were entered in the class for saddle mares or geldings exceeding 15.2 hands, and first place was given by Dr. M. Sparrow to J. G. Hazelwood's Nola, ridden by Miss Isabel Pike. Dr. Quen's Traveler, ridden by Mrs. Olsen, was second, and Major F. J. Thorne's Billy, ridden by the owner, third.

### DEAD HEAT

The judge declared a dead heat for first prize in the event over six jumps, the tie being between Miss T. Todd, of Victoria, riding Academy's Chelemango, and R. G. Shanks, riding his Chiquita. Second place was given to Miss Josephine Rihet, on Nevada, and third to the Victoria Riding Academy's Omar, ridden by G. Harris.

## Weddings

## CHAPMAN-IBBISTER

The marriage took place in Bethany Church last evening between Helen May, younger daughter of Mr. and Mrs. Thomas Ibbister, David Street, and Mr. Theodore Walton Chapman, fourth son of Mr. and Mrs. J. W. Chapman, Shelbourne Street, Rev. Guy Duffield (Bellingham), officiating. Mr. G. Jennings Burnett, uncle of the bridegroom, played the wedding music, and as the register was being signed, Miss Alice Eccles sang the beautiful old Presbyterian hymn, "Lord, Who at Canaan's Wedding Feast, Did as a Guest Appear."

During the service the bride and groom stood beneath a floral arch

between an arrangement of Autumn flowers and greenery.

The bride was given in marriage by Mr. Clayton Cronk, owing to the unavoidable absence of her father, and she wore a princess gown of ivory satin, with long sleeves and a floor-length skirt. Her veil was arranged beneath a wreath of orange blossoms, and she carried a shower bouquet of roses, carnations and swansons.

The bridesmaids were Miss Margaret Ibbister, sister of the bride, and Miss Marguerite Lowe (Vancouver), who wore charming frocks of pale pink georgette with touches of blue, and floral bandeaus in their hair. They carried Colonial bouquets of flowers in pastel shades. The groomsmen were Mr. Arthur Chapman, brother of the bride, and the ushers were Mr. Wesley Ibbister, brother of the bride, and Mr. Lennie Chapman.

A reception was held later at the home of the bride's parents in a delightful floral setting, the supper table being centered with the bride's cake standing between silver candelabra holding pink tapers. Mrs. Ibbister and Mrs. Chapman, Sr., were both dressed in navy blue and wore corsage bouquets of roses.

After a honeymoon spent on the mainland, Mr. and Mrs. Chapman will return to Victoria to live. The bride went away in a blue hand-knitted suit with matching accessories and a grey fur coat, which was a wedding gift.

Among the gifts was a china tea set from the office staff of The Victoria Daily Times, of which the bridegroom is a member.

Muffs Are Again  
A Fashion Note

By ALICE MAXWELL, (Associated Press Staff Writer)

PARIS, Sept. 16 (AP)—Hands and heads are going deeper into the fur question this year than in any other. Winter past, arms are dug into muffs up to the elbow. High cut-fur, low-down curls, are sheltering under sealskin turbans or snuggling into beaver hoods.

Muffs and furry headgear go together. A black-tailed white ermine muff in Paquin's collection companions an ermine toque; to keep an ermine bolero company. Molyneux attaches a beaver hood to a brown wool jacket, which steps out with a brown-wool frock and a beaver muff.

The longest muffs are designed by Schiaparelli. They are bolster shapes tied around the middle with the colored velvet ribbon. One in silver fox is four skins wide and bow-tied in light blue. Another is skunk, tied in pink, with a skunk-trimmed hat to top it off.

The Chechia turban, resembling those the Zouaves wear, is the big tall note in fur hats.

Furs up hats are being matched with furled gloves.

Island Resident  
Ninety Years Old

QUATSINO, B.C., Sept. 16.—Last Saturday at his home, Mr. William Thurnburn celebrated his ninety-first birthday with a tea given to a few of his friends. The room was artistically decorated with flowers, of which he is a great lover. The birthday cake was beautifully iced and bore the words, "Ninety Today."

Among those present were Messdames Howitt, J. Botel, Morrison, L. Becker, Buckholtz, T. Green, J. Towers, and Misses Nordstrom, Becker and Toubler, also Mrs. A. King and Mrs. D. Walters, Port Alice, with his secretary, Mrs. Brace, as hostess.

Mr. Thurnburn was well known in Victoria some years ago. He has been a resident here since 1907.

PARTY FOR VISITORS

QUATSINO, B.C., Sept. 16.—A tea was given recently in honor of Mrs. N. O. Krith and Miss Mary Ildstad, who are visiting their parents, Mr. and Mrs. T. Ildstad, here. The Quatsino Ladies' Bridge-Club gave a surprise party for Mrs. C. Peterson last Monday in honor of her seventy-eighth birthday. A very pleasant evening was spent by all.

Teacher: "If I lay three eggs here, and five eggs there, how many eggs will I have?"

Boy: "Teacher, I don't think you can do it."

In lay language this means that 1,200 changes were rung without the repetition of any one change, an unusual feat. The time taken for the performance was fifty minutes.

A fine demonstration of bell ringing took place on Thursday evening, when a quarter peal of grand-size triplex was rung.

The ringing was done as a compliment to T. Grant, in celebration of the forty-fifth anniversary of his wedding and for Arthur Izard, another of the ringers, who will leave next Thursday for Montreal to enter McGill University. Those taking part in the peal were E. W. Izard,

foot, O'Malley was taken a half-hour later near the jail.

### FORCED TO DRIVE

The other four forced the guard to drive them down Gouin Boulevard. DeBellefeuille did not drive fast enough, so they pushed him out and a convict took the wheel. He was not injured.

Every available officer of the provincial force was rounded up for the hunt. A cordon was thrown around the island of Montreal, with every known means of egress under guard.

Jail officers and Royal Canadian Mounted Police joined the search and warnings were broadcast to citizens to watch for the men, still in prison garb.

## CABINET MEETING TO HEAR REPORT

Continued from Page 1

flight of his life—was noncommittal. He said he had made no arrangements to return to Prague, where he has been since early August seeking means of ending the minority quarrel.

When Mr. Chamberlain stepped from a big transport plane at Heston airport, he was met by the crowds against accepting any unauthorized accounts of his conversation with Hitler.

Whatever decision is made by the Cabinet tomorrow—and it may be exceedingly far-reaching—it will mean Mr. Chamberlain having a second talk with Hitler.

But this time the Fuehrer will meet Mr. Chamberlain half way because the Prime Minister put it, he "wishes to spare an old man another such long journey."

### LETTER FROM KING

Mr. Chamberlain's visit to Buckingham Palace, it was authoritatively explained, had no special significance such as a grave crisis. When the Prime Minister landed from the last stage of his journey from Cologne, Germany, he was handed at the airport a four-page letter in the King's own hand which he read with deep attention.

Mr. Chamberlain remained with the King more than an hour. When he left the palace a crowd of 5,000, which had streamed to the broad concourse around the Victoria Memorial, cheered the Prime Minister and poured into the roadway, stalling his car.

Finally the car was able to proceed through a narrow lane amid shouting humanity. Mr. Chamberlain leaned forward waving acknowledgement. He returned to No. 10 Downing Street.

Although all details have been fixed to reassemble Parliament with the exception of the date, it was considered unlikely it will be before Mr. Chamberlain's return trip to Germany.

### SPEAKS TO CROWD

Tired but cheerful after his dash to Berchtesgaden, Mr. Chamberlain told the throng at the airport: "I have come back rather more quickly than I expected after a journey which, if I had not been so

preoccupied, I should have found thoroughly enjoyable.

"Yesterday afternoon I had a long talk with Herr Hitler. It was a frank talk, but it was a friendly one. I feel satisfied now that each of us fully understands what is in the mind of the other.

"You won't, of course, expect me to discuss now what will be the result of that talk. All I have got now is for discussion with my colleagues, and I would advise you not to accept prematurely any unauthorized report of what took place in the conversation.

"I shall be discussing these talks tonight with my colleagues and others—especially Lord Runciman.

### COMING HALF WAY

"Later on, perhaps in a few days, I am going to have another talk with Herr Hitler. Only this time he has told me it is his intention to come half way to meet me.

"In Berlin, it was reported the next meeting possibly would take place next Tuesday at Godesberg, near Cologne.

Hitler, he said, "wishes to spare an old man another such long journey."

Among those who greeted him was Theodore Kordt, German charge d'affaires. Emotion evident in his voice, the Reich representative said: "I hope you feel you were successful. At any rate, you have conquered the hearts of my countrymen."

With foot and mounted police making way for his car, the Prime Minister and Foreign Secretary Viscount Halifax sped to No. 10 Downing Street, where the inner Cabinet quickly heard a report.

### VISCOUNT HALIFAX BUSY

While Mr. Chamberlain was flying back to London, Viscount Halifax spent a busy day in consultations. Among those he saw were Count Dino-Grandi, Italian ambassador to London; the Earl of Perth, British ambassador to Rome, who is on leave; the Archbishop of Canterbury, Primate of all England; Clement Attlee, Leader of the

## What Today Means

### "VIRGO"

If September 17 is your birthday, the best hours for you on this date are from 10:45 a.m. to 12:45 p.m., from 2:45 to 4:45 p.m., and from 8:45 to 10:45 p.m. The danger periods are from 8:45 to 10:45 a.m.

from 4:45 to 6:45 p.m. and from 10:45 p.m. until midnight. This is a very inauspicious time for harboring a vindictive feeling or to try to make it a day of reckoning for a real or fancied grievance. Any display of magnanimity will most likely result in the perpetrator exhibiting his many reasons for rejecting. Be very careful that you do not misconstrue the attitude and words of anyone you argue with this day. Springing un-

expected demands or startling statements will be an unwise and tactless thing for anyone to do. It might not be good judgment to be in any way hasty about throwing cold water on any form of enthusiasm. If possible, participate in some kind of social activity, for this is likely to be the medium through which much pleasure is apt to be derived. Chiropathy may, in some way, play an important part in this day's business affairs.

so be sure that your handwriting is legible and that your signature is not affixed to any document that you have not read carefully. Married and engaged couples, and those having hopes of soon becoming betrothed, must not over-estimate their ability to do anything that might contribute to their mutual happiness. If a woman and September 17 is your birthday, your home life will probably be a very cheerful, joyous one, and you ought to have a very receptive

and sensible mode of living. Your mind, the instincts of leadership and a magnetic personality. This youngster's future seems promising. If a man and September 17 is your natal day, if you will remember, "Forgiveness is better than revenge." Your way in life will be made easier and your prospects for success are bound to be much brighter. Theatrical, medical, legal, architectural, agricultural, literary or a specialized line of commercial work should offer a man of your

ability unlimited opportunities to make money. (Copyright, 1938, by Bell Syndicate, Inc.)

Use Alfalfa in Modern Surgery  
LILLOOET, B.C., Sept. 16. — Alfalfa hay has now become an important item in modern surgery, according to Dr. G. G. Moe, profes-

or of agronomy at the University of British Columbia. "Alfalfa yields a certain product useful in surgery," Dr. Moe said in an address here Wednesday at a farmers' field day meeting. "This product is applied for the staunching of blood."

# GREENBERG HITS FIFTY-FIRST HOMER OF SEASON

## REMAINS EVEN WITH BABE RUTH'S RECORD IN AMERICAN LEAGUE

Heavy-Hitting First Baseman of Detroit Club Still Has Chance to Break All-Time Mark—Pirates Split Even to Keep Same Lead—Cincinnati Reds Divide With Philadelphia

Pittsburgh's jittery Pirates, following the example of the other contenders, marked time in the drive for the National League pennant yesterday by splitting a double-header with the Boston Bees.

Johnny Rizzo's twentieth homer of the season enabled the Pirates to win the opening game, 7-6, in eleven innings, but a three-run rally in the ninth earned the Bees the nightcap, 5-4.

The Pirates maintained their three-game lead over the second-place Chicago Cubs, whose game with the fourth-place Giants was postponed. The third-place Reds remained stationary by dividing a twin bill with the Phillies.

Three-hit pitching by Hugh Mulcahy helped the pennant-chasing Cincinnati Reds to an even break with the last-place Phillies in a double-header.

After Paul Derringer blanked the Phils, 2-0, in the opener to win his twentieth game of the season, Mulcahy turned in his great performance in the second game by a 2-1 victory and his tenth triumph of the campaign.

The St. Louis Cardinals saved sixth place in the National League with a double-header sweep over the Dodgers, winning by 6-1 and 8-4.

**HITS ANOTHER HOMER**

Hank Greenberg's fifty-first homer of the year, a blow that put him even with Babe Ruth's record 1927 pace, wasn't enough to win the New York Yankees' game with the Tigers, 6-4, to move within two games of clinching the American League pennant.

The Yanks used the winning combination of home run power and Lefty Gomez to clinch up the decision. Joe Gordon and Frankie Crosetti provided the wallop in a big second inning, their homers netting four runs. Staked to that lead, Gomez coasted in with his seventeenth victory of the year, although he was tagged for eleven hits.

Big Hank's round-trip clout came in the fourth inning, with the bags empty. The game was the Tigers' thirteenth of the year. Ruth hit his fifty-first in the Yanks' thirteenth contest in 1927, the year he set the all-time high of sixty for one season.

Denny Galehouse and Willis Huddell held the Boston Red Sox to two hits but the Sox marked up a 2-1 victory over the Indians and tightened its hold on second place in the American League.

Aided by gloomy weather, Galehouse was pitching one of his better games when a combination of a walk and two singles gave Boston the two runs needed.

Archie McKain gave the Indians seven hits, but kept them scattered where they didn't mean much. Cleveland threatened in the ninth when Heath singled, and Pytlak bunted Higgins accidentally kicked Pytlak's bat to home plate, putting men on first and third with only one out. McKain, however, forced Keltner to pop up and took Hiale's light tap himself.

Philadelphia at Chicago and Washington at St. Louis were rained out.

**COAST LEAGUE**

Los Angeles won the Pacific Coast League baseball championship Friday night.

Freddie "Schoolboy" Hutchinson's string of eighth straight victories was snapped and Seattle's slim chance of winning the title was ruined after its sensational bid in which they won twenty-eight of their last thirty-three games.

While Hutchinson was outpitched by the Maul Salvo, of San Diego, 6-1, before a crowd of 16,000, Los Angeles continued its winning streak, taking a double-header from the local Oakland Oaks, 8-1 and 11-3. Elsewhere in the league, San Francisco beat Sacramento, 7-4, while Portland lost a double-header to Hollywood, 9-2 and 4-3.

MAKES FINE CATCH  
AT COWICHAN BAY

Your large coho and a thirty-  
seven-pound spring salmon is on  
display in front of Roger Monteth's  
fishing tackle store and has attracted  
considerable attention from pedes-  
trians who stopped to admire the  
fine specimens.

The catch was made by Ronald  
Hopkins, Victoria angler, yesterday  
morning at Cowichan Bay.

where fishing is reported to be ex-  
cellent. The coho were in the best  
of condition and weighed fourteen,  
thirteen, twelve and a half, and  
twelve pounds, respectively.

Dead Heat Takes  
Place in Feature  
Race at Willows

Kelcond and Billy Easter Cross Finishing Wire  
Together in Malahat Handicap—Leyburn Is  
Overlooked by Bettors and Pays \$52.70—  
Daily Double Returns Backers \$118

Galloping past the judges' stand  
in a dead heat, the first witnessed  
at the Willows track this year, Kel-  
cond and Billy Easter yesterday  
shared first and second money in  
the Malahat Handicap, feature race  
on the day's programme at the popu-  
lar five-furlong enclosure. My  
Mint was third.

Kelcond, Billy Easter and My  
Mint broke from the starting gate  
in that order, and their positions  
were only changed in the last jump  
when Billy Easter caught Kelcond,  
the pace-setter, right at the wire.  
Public choices were more in the  
money yesterday than on previous  
days, but one thoroughbred, Ley-  
burn, was overlooked by the punters  
in the third race. Going to the  
gate at odds of 25 to 1, Leyburn  
rewarded his backers with \$52.70,  
the longest win price of the day.

Rose C. n. p., the favorite, topped  
the opening gallop at six furlongs,  
and thirty yards, while Edison, a  
second-choice mount, led the parade  
to the judges' stand in the second  
event over the same distance.

**COMMENCER WINS**  
Commencer, a 6-to-1 shot, won the  
fourth, with Glacine, the  
heavily-backed favorite, finishing  
seventh in a field of eight. North-  
ern Lights, the fifth choice, took the  
lion's share of the purse in the  
seventh and final race of the card.  
Tom Cox led the hardbouts with  
two wins, while Spori, Wilbourn,  
Bredie, Young and Craigie were  
up on the other winners.

Quill's bet in the fifth and  
seventh races returned \$810.40  
and \$823.50, respectively, and the daily  
double paid \$118.

The card produced some excellent  
racing, with the close finishes in  
particular providing added thrills  
for another large week-day crowd.  
Today's programme will feature  
the Gulf Islands Handicap at one  
mile. Entries for this event include  
Dr. Pook, Sunny Colleen, My Mint,  
Valerie Jean, Ida S., Flying Bud,  
Exidia and Margery Daw. Six other  
events, three stage week-end races  
and seventh races return to the card.  
First post time is 1:45 o'clock.

Bluebirds Come From  
Behind to Beat Bays

Check In With 13-8 Victory in Opening Clash of  
Intermediate Box Lacrosse Play-Offs Under  
Floodlights—Good Performances Result

## PLENTY OF GOALS

Fighting doggedly every inch of  
the way, Harry "Toots" Sargison's  
Bluebirds last night defeated Ted  
Menzies' James Bay stickhandlers,  
13-8, in the first game of the best-  
of-three play-offs for the interme-  
diate box lacrosse championship. The sec-  
ond fixture will be played next week,  
on a date to be set by the Victoria  
Box Lacrosse Commission.

The battle, and it was a battle all  
of the way, was a typical champion-  
ship fracas with two well-balanced  
aggregations slugging a real Donny-  
brook. From the first blast of the  
arbiters' whistle, until the tussle  
ended about sixty minutes later,  
there was not a single dull moment.

The players put everything they had  
into the game and never once pulled  
their punches. They attacked fear-  
lessly and checked hard in one of  
the best games of the season.

Played for the first time under  
floodlights, the game attracted ap-  
proximately 500 highly enthusiastic  
fans, and their yells and cheers  
sounded loud enough for a crowd  
four times as large.

## LEADS SCORERS

Norman Coates, defence star, led  
the Bluebirds' scorers with four  
markers to his credit, while Billy  
Bousfield, flashy forward, bagged a  
goal. Jim Pickford, former New  
Westminster stickhandler, ac-  
counted for a pair, while Wally Wil-  
liams, Roger O'Connell, Louie Mc-  
Corkall and Ezrie Ball all sagged  
the home ones.

Austin Cullen and Roy Winterburn  
fired home two goals each for the  
Bays, with Ed Fridham, "Red"  
Mason, Ralph Clarke and Jack  
Sargent sharing in the other  
markers.

Sixteen penalties were handed out,  
Bays being charged with nine and  
Bluebirds with seven. The referee,  
James Bay, opened the scoring  
quite early with Ed Fridham sag-  
ging the net behind Mickey Smith,  
brilliant young goalie of the Blue-  
birds. Norm Coates knotted the  
score a few minutes later, but Ralph  
Clarke came back with a goal to  
give the Bays the lead at 2-1. Roy  
Winterburn widened the margin for  
the leaders and just before the quar-  
ter ended Bill Bousfield scored for  
the Bluebirds.

Elusive "Red" Mason boosted the  
Bays' lead as the second period got  
under way, only to have Rocky  
O'Connell score for the Bluebirds.  
The eventual winners began to gain  
the upper hand and a few seconds  
later the teams were deadlocked in a  
4-4 score. Ernie Ball sagging the  
Bays' lead as the third period  
started, Wally Williams, who led  
the session end, Wally Williams  
gave the Bluebirds the lead for the  
first time, and Jim Pickford made  
it 6-4 as the quarter closed.

**Adanacs Defeat  
Fishmen to Win  
Mainland Series**

NEW WESTMINSTER, B.C., Sept. 16.—New West-  
minster Salmonbellies, 1937  
Canadian box lacrosse cham-  
pions, were eliminated from the  
1938 title picture here to-  
night when they took a 25-17  
trouncing from their inter-  
city rivals, Adanacs, for the  
third straight time in the  
Inter-city League play-offs.

Adanacs won the league  
title without loss of a game in  
the best-of-five series. They  
downed Salmonbellies, 16-11,  
and 14-10, in previous games.

The league champions met  
the winners of the Trail-Nelson  
series to decide British Colu-  
mbia's representative in the  
Mann Cup play-downs.

The youthful "home-brew"  
squad of Adanacs proved too  
fast and accurate for the  
Salmonbellies, whose line-up  
boasts six former Orillia, Ont.,  
stars

## PRINCESS PATS GREET 'MOTHER'

Jenny Morris, War-Time Benefactor of Canadian Soldiers in London, Here

War-time members of the Princess Pats crowded the CPR docks here yesterday to greet their famous "mother," Miss Jenny Morris, London, who arrived in Victoria at the end of her triumphal cross-country tour.

Miss Morris embarked on her travels at the request of hundreds of Princess Patricia veterans, who expressed the desire to repay in some measure the kindness shown them during their frequent billets in London.

Firmly implanted in the few pleasant memories of war-time day for many Canadian soldiers was Miss Morris' famous "Home From Home," at 34 Bedford Place, London, the rest having started by herself and her mother as a refuge for Belgians who fled before the German invasion of their country.

Gradually Canadian soldiers became aware of Miss Morris' hospitality, and soon hundreds flocked there to receive a warm welcome.

Smiling like school boys, greting each other lined up at the gang-plank of the Ss. Princess Margaret, and firmly planted kisses on their benefactor's cheeks as she stepped off the boat from Vancouver yesterday.

Then firmly tucking the little lady's arms in theirs, they hurried through the crowd on the docks to whisk her off to a reception in her honor given by the Lieutenant-Governor at Government House. Slightly travel weary after her 8,000-mile journey, Miss Morris' pleasant face still sparkled at the manner of the greeting.

Pausing only long enough to allow one of the soldier's wives to pin on a corsage bouquet, the group hustled her off on the beginning of an inspection of Victoria that will continue until Monday. Shouts of welcome from eager spectators who were unable to get near enough to greet her evoked a twinkle and a wave of the hand before she disappeared from sight into a waiting automobile.

**HOLDS 'AT HOME'**  
After dinner at the Empress Hotel, Miss Morris held an "at home" to renew friendships with "her boys." Scores of former Princess Pats trooped down the corridors of the hotel to talk over old times. "Today she'll take a daylight boat trip in Brentwood Bay, and tonight another "at home" will be held at the hotel.

On Sunday, Miss Morris will find time to relax from the strenuous schedule. After a free morning, she will drive to Butchart's Gardens, and spend the remainder of the day seeing the sights nearer town.

On Monday she will drive up-Island to inspect the P.C.C.L. unit that will be marching to Victoria from Comox. Later, she will proceed on the afternoon boat to Vancouver to begin her return trip.

## COMPLAIN OF LOW RETURN

Continued from Page 1  
Industry produces hothouse cucumbers to the value of approximately \$60,000, and no mention at all has been made—nor have I figures available—of the immense sum of money involved in the raising of cut flowers, potted plants, etc., which are connected with the greenhouse industry," Mr. Dence said.

The Vancouver grower added the industry was not a profitable one, at the present time, because in his opinion it was the only industry in which the price was set on supply and demand without taking into consideration the cost of production.

## WILL NOT PERMIT VOTE TO BE TAKEN

Continued from Page 1  
German living in the plebiscite district would be obliged to move into the interior of the Czechoslovak Republic.

"Then we would have a new minority problem and the basis of a new province to bring pressure on Czechoslovakia, which would lead to destruction of their land."

**MAINTAINING ORDER**  
"In this country there will be no plebiscite and no international police. We have established order and we also maintain it."

"It is well to see that we are in a position to carry out our programme for the treatment of all nationalities of our republic with complete justice."

"I plead to the public that it have complete faith in the Government and the army."

within twenty-four hours any munitions they may have stored in secret places.

The Interior Ministry earlier in the day, on its own responsibility, had dissolved the so-called F.S. (Freiwillige Schutzkorps, or Voluntary Protection Service), a uniformed force resembling the storm troops of Germany's National Socialism.

This action was followed by a vigorous press campaign demanding that the party as a whole be wiped out.

**WAVE OF RESENTMENT**  
In the Sudeten sections there was a new wave of resentment against the Government. There were indications, however, that not all members of the Sudeten German Party were in sympathy with Henlein.

At Aush and Karlovy Vary committees of Sudeten German leaders visited the authorities to explain they had not approved of Henlein's "Anschluss" proclamation.

An unanswered question was whether the action of these committees was a sign of a split in the Sudeten German ranks.

## FRUIT AND VEGETABLE GROWERS SEEK PROBE

Continued from Page 1  
was refused. Late last month the British Columbia Fruit Growers' Association requested a similar investigation in the Western Provinces.

**SEEKING UNITED ACTION**  
It was also decided by the delegates that owing to the inactivity of the Dominion and Provincial Governments, to act on the request made by the Interior meeting, that they communicate with D. Godfrey Isaacs, Ojama, proposer of the resolution, in a determined effort to bring together the various groups.

Dr. MacDonald informed the delegation that if there was submitted to him officially the documents covering the resolution, together with additional evidence that had since been gathered, he would do all in his power to urge the Dominion authorities to grant the British Columbia growers their request.

Commenting on the meeting with the minister, W. L. Dence, president of the Vancouver Hothouse Tomato Growers' Co-operative Association, and chairman of the delegation, said:

**POLITICAL FOOTBALL**  
"The delegation was not completely satisfied with Dr. MacDonald's handling of the matter, it being our opinion that this whole thing is being made a political football and that the growers have been bounced back and forth between the various Governments."

"We are delighted at the decision of the Privy Council," upholding the British Columbia Marketing Act, said Mr. Dence, "and are determined to support the schemes provided we are afforded protection from those who are shamefully and openly exploiting the growers and producers, and provided also that the schemes are amended out of the experience of the past to meet present-day requirements."

**PROMISES CONSIDERATION**  
"In this latter regard Dr. MacDonald assured the delegation that any amendments to the schemes presented to him would receive his serious consideration."

Those who attended yesterday's meeting included Lorne Thompson, Brentwood; George Mitchell, North Saanich; Larry Hagan, Saanich; A. N. Primeau, Sidney; C. H. Helgesen, Metchosin, chairman of District "A" Advisory Board; H. Campbell and C. J. Wright, Lake Hill; Arthur Smith and H. E. Allberry, representatives of Comox Agricultural and Potato Growers' Association.

JAMES W. BARTON, M.D.

SANITY MEANS ADJUSTMENT TO LIFE

In discussing a case with a mental specialist recently I asked him what type of mental disease he would call this patient, and what would he consider the best treatment.

He replied that he was not classifying patients much these days;

he just examined the patient completely, asked as many questions as possible, and then went ahead with the treatment he thought best to be correct or relieve the symptoms he had found.

Dr. Cyril Burt, in his book "The Subnormal Mind" say: "Between the normal and the subnormal there is no sharp line of cleavage. Hence it is hardly possible to understand the various forms of mental subnormality without knowing first the normal mind."

Dr. Burt warns that we cannot divide minds into normal and insane. Every patient, just because the treatment he thought best to be correct or relieve the symptoms he had found.

Every patient that consults a physician is really a mental patient to some degree because his physical ailment is bound to upset to some extent his mental condition or balance.

Another point, mentioned some weeks ago, is that we all need more than brains to be normal. It would

be safe to say that among the patients of the average mental institution, the percentage of brain power would be equal to that possessed by those of us outside. The difference lies entirely in adjustment to life and circumstances, we on the outside are able to get along with others and earn a living for ourselves and our families, while those inside cannot do this. Their mental equipment is incomplete or unbalanced.

Dr. A. F. Tredgold, London University, in his "Text Book of Mental Deficiency" defines mental deficiency in these simple words: "A state of incomplete mental development of such a kind and degree that the individual is unable to adapt himself to the normal surroundings or environment of his fellowmen, in such a way as to maintain an existence free of supervision, control, or outside support."

If you can make a living and get along with others, with no need for your life to be supervised or gov-

erned by others, you can consider yourself sane.

"The boy who learns a simple trade and is able to carry on through life will never write a book, paint a picture, or sing a song, but he will not be judged mentally deficient."

"I didn't insult her. I merely said that if looks could kill, it would be suicide for her to use a mirror."

### Tuberculosis Is Address Topic

The prevention and care of tuberculosis was the subject of an address by Dr. Fred Kincaid, of the Department of Health, in addressing members of the Kinsmen Club in Spencer's dining-room Thursday 4 a.m. On Saturday, October 15, a night, on behalf of the Greater Victoria Health League.

Methods now practised in British Columbia in an effort to stamp out the disease were explained by the speaker. He also showed lantern slides of the tuberculosis sanatoriums at Tranquille, Vancouver and in this city.

The club fishing competition will be held at Cowichan Bay on Sunday, September 25, commencing at 10 a.m. On Saturday, October 15, a night, on behalf of the Greater Victoria Health League.
